Download a Document From a Template 4

Download a Document From a Template

You can download PDF files of the documents in a template.

1. Navigate to the **TEMPLATES** page.
2. Locate the template that you want to download from by searching, filtering, or simply scanning the Templates list.
3. Click the template title to select it and open the Template Details view.
4. In the documents panel on the right, click the document thumbnail image to initiate the download. You may need to first expand the document section to display the page thumbnails.

Your browser settings determine if the file opens in a browser window or downloads automatically.

5. If your document opens in a browser window, use the browser controls at the top of the window. You can download or print your document PDF.
